

Hands and Pockets

When Corporal Ellsworth O. Terrill went over the top he had his right hand in his pocket. He did it to hide something, but was discovered in the act, and for the offense he now wears the Distinguished Service Cross.

Terrill's hand was mangled by a piece of shrapnel. He knew that if his Sergeant had seen that injured hand he would have lost his part in the attack so he stuck his hand in his pocket, and went over the top throwing hand grenades with his left.

When you put your hands in your pockets in answer to the call of the

VICTORY LIBERTY LOAN

remember the hand that Corporal Terrill stuck in his pocket.

FREEDOM FOR FILIPINOS

PHOTO BY J. A. RALEY

protection, and the richest blessings of a liberating nation, and that it was our liberty, not your power, our welfare, not your gain, you sought to enhance in the Philippines."

Here is what Governor Harrison, who has been for six years governor general of the islands, said on the subject of Philippine independence while speaking at the Knickerbocker Club in New York.

"By temperament, by experience, by financial ability, in every way the ten millions of Filipinos are entitled to be free from every government except their own choice. They are intelligent enough to decide for themselves."

"I have found the native Filipinos to be honest, efficient and capable of administering municipal government as well as I have met anywhere in the world."

"The Philippines are today governed by thousands of municipalities and hundreds of provinces, municipalities, efficiently, and for the good of the entire people. They have a native Congress including many graduates of Yale, Princeton, Harvard and other American universities. Other members are graduates of Santo Tomas and other Philippine universities, and in education and

ability they compare favorably with any I know."

"They have leaders like Speaker Osmena, of the house of representatives, and President Quezon, of the senate, who would adorn any office."

"The Philippines are away ahead of the United States in successful government ownership and operation of public utilities."

"The government took hold of the steam railways and made them pay a profit of \$1,000,000 per year more than under private ownership."

"I took hold of the highways and we have 2,000 miles of the best macadamized roads in the world. The Manila city government is about to take over the street railways and the gas and electric plants while the territorial government is struggling for ownership and control of the coal supply."

"The movement for independence is a peaceful one. No territory was more loyal to Uncle Sam during the war. It offered an armed and equipped division to our government, gave it a submarine destroyer, and subscribed Liberty Bonds and Red Cross funds."

"Two million natives speak English fluently, and there are 200,000 English-speaking children in the public schools."

The Jicarilla Well For Sale

The above well and all appliances therewith connected are for sale.

This is the best well of water in Lincoln county, the yield being over 200 gallons per minute. This well of water is located on a high elevation in the Jicarilla mountains seven miles east of Ancho station on the El Paso and Southwestern railroad. The water can be pulled by the force of gravity to any point in the surrounding country.

It is equipped for immediate use by pumping, with a mile or more of pipe already laid. Here is a rare opportunity for the stockman to get all the water he will need.

For price inquire of Dr. M. G. Paden of Carrizozo, N. M., or George W. Prichard of Santa Fe, N. M.

SAY, you'll have a streak of smokeluck that'll put pep-in-your-smokemotor, all right, if you'll ring-in with a jimmy pipe or cigarette papers and nail some Prince Albert for packing!

Just between ourselves, you never will wise-up to high-spot smoke-joy until you can call a pipe by its first name, then, to hit the peak-of-pleasure you land square on that two-fisted-man-tobacco, Prince Albert!

Well, sir, you'll be so all-fired happy you'll want to get a photograph of yourself breezing up the pike with your smokethrottle wide open! Talk about smoke-sport! Quality makes Prince Albert so

appealing all along the smoke line. Men who never before could smoke a pipe and men who've smoked pipes for years all testify to the delight it hands out! P. A. can't bite or parch! Both are cut out by our exclusive patented process!

Right now while the going's good you get out your old jimmy pipe or the papers and land on some P. A. for what ails your particular smokesappetite!

You buy Prince Albert everywhere tobacco is sold. From red bags, tins and tins, handsome tins and half pound tin tins—and—fine cases, practical round crystal glass humidor with sponge moisture top that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.
